

Assessment Stages

Stages are different areas of production and can be as general or as detailed as you would like. Some examples are Nursery, Finish, W2F, Boar Stud, Gilt Developer, and Sow Farm.

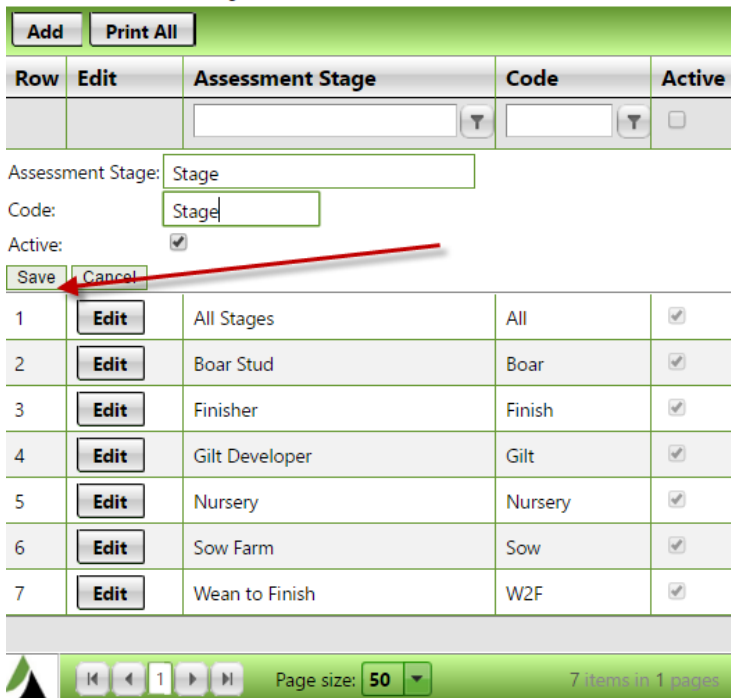

The screenshot shows the MetaFarms software interface. The top navigation bar includes tabs for Favorites, Sow, Feed, Finish, Sales, Finance, Assurance, Analytics, and Change Company. The Assurance tab is selected. On the left, there's a sidebar with a tree view showing 'Assurance' and 'Assessment Stages'. The main area is divided into three sections: 'Data Entry' (with links for Schedule Assessments, Enter Assessment Results, Review Corrective Actions), 'Reports' (highlighted in yellow), and 'Setup' (highlighted in yellow). Under 'Setup', there are three columns: 'Assurance Attributes' (with links for Assessment Comments, Assessment Regions, Assessment Stages, Assessment Types, Assessment Version, Assurance Type, Auditor, and Corrective Action Category), 'Forms Setup' (with links for Assessment Form Setup and Assessment Site Setup), and 'Company Attributes' (with links for Producers/Sites/Barns*, Production Calendar*, Personnel Setup, Assign Personnel, and Units of Measure).

Your data entry grid will come up.

To add a new Stage click the Add button. Fill out the grid and click Save. The code must be unique.

Table Name: Assessment Stages

The screenshot shows the 'Assessment Stages' data entry grid. At the top, there are 'Add' and 'Print All' buttons. Below them is a table with columns: Row, Edit, Assessment Stage, Code, and Active. The table contains 7 rows of data. Below the table, there's a form for adding a new stage with fields for 'Assessment Stage', 'Code', and 'Active'. The 'Assessment Stage' field contains 'Stage', the 'Code' field contains 'Stage', and the 'Active' checkbox is checked. Below the form are 'Save' and 'Cancel' buttons. A red arrow points to the 'Save' button. At the bottom, there's a footer with a logo, navigation buttons, 'Page size: 50', and '7 items in 1 pages'.
