

Copy Barn Structure

Copy Barn Structure will duplicate the Barn, Rooms and Pens of an existing Barn. The Barn that has been copied will be inactivated. It can be activated again for reporting or use but the Code on the Barn, Rooms, and Pens will need to be renamed in order to activate.

The menu item can be found under Finish, Setup, Company Attributes

Company Attributes

- ☆ Adjustment Reason
- ☆ Producer/Site/Barns*
- ☆ Copy Barn Structure
- ☆ Crate Entry
- ☆ Stall Entry

Select the Farm, Site and Barn to be copied. Enter a new barn name. Click Copy Barn.

Barn:

New Barn Name:

You can reactivate the inactive barn in Producers, Sites and Barns. Choose the Barn tab and select the Producer and Site of the barn you want to reactivate. Check the box for Include Inactive and click Search.

Search Barns

Producer:

Site:

Include Inactive:

| Row | Edit | Barn Name | Producer | Site | Barn Code | Active |
|-----|-------------------------------------|----------------------|----------------------|----------------------|----------------------|-------------------------------------|
| | | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="text"/> | <input type="checkbox"/> |
| 1 | <input type="button" value="Edit"/> | Barn 1 | Brandt | Brandt North | 125 | <input type="checkbox"/> |
| 2 | <input type="button" value="Edit"/> | Barn 2 | Brandt | Brandt North | 126 | <input checked="" type="checkbox"/> |
| 3 | <input type="button" value="Edit"/> | Barn 3 | Brandt | Brandt North | 125 | <input checked="" type="checkbox"/> |

Click Edit on the barn to be reactivated. Change the Code so it is different from the copied barn. Check the Active box. Save. Close the popup.

Save Print

Barn Information

Producer: Brandt

Site: Brandt North

*Barn Name: Barn 1

*Code: 125-1

Active:

Click on the Rooms button and do the same process for Rooms to be reactivated. Once Rooms are active, repeat the process with the Pens.
