

Buyers

The screenshot shows the MetaFarms application interface. The top navigation bar includes tabs for Favorites, Sow, Feed, Finish, Sales, Finance, Assurance, and Analytics. The 'Sales' tab is selected. On the left, there is a sidebar with a search bar and a list of items. The main content area is divided into three sections: Packer, Animal Movements, and Imports. Below these, there are tabs for Reports and Setup. The Setup tab is active, and it contains three columns of attributes: Sales Attributes, Trucking Attributes, and Company Attributes. The 'Buyers' option is highlighted under Sales Attributes.

Your data entry grid will come up. Note fields with a (*) are required. Other fields are optional. The code is what you will use during data entry and must be unique.
