Summary Only Group:

If Summary Only Group is checked, summary data from detail events will not be recalculated.

If you need to add another group, just click Save, and New Group. You must remember to click New Group or you will just be renaming the group you just created. If you don't need to create another group just click Save and Close.

Your group is now set up but will not have a Start Date or Inventory until a movement is done placing pigs in the group.
