MetaFarms

Mobile Application – Downloading the Mobile Application
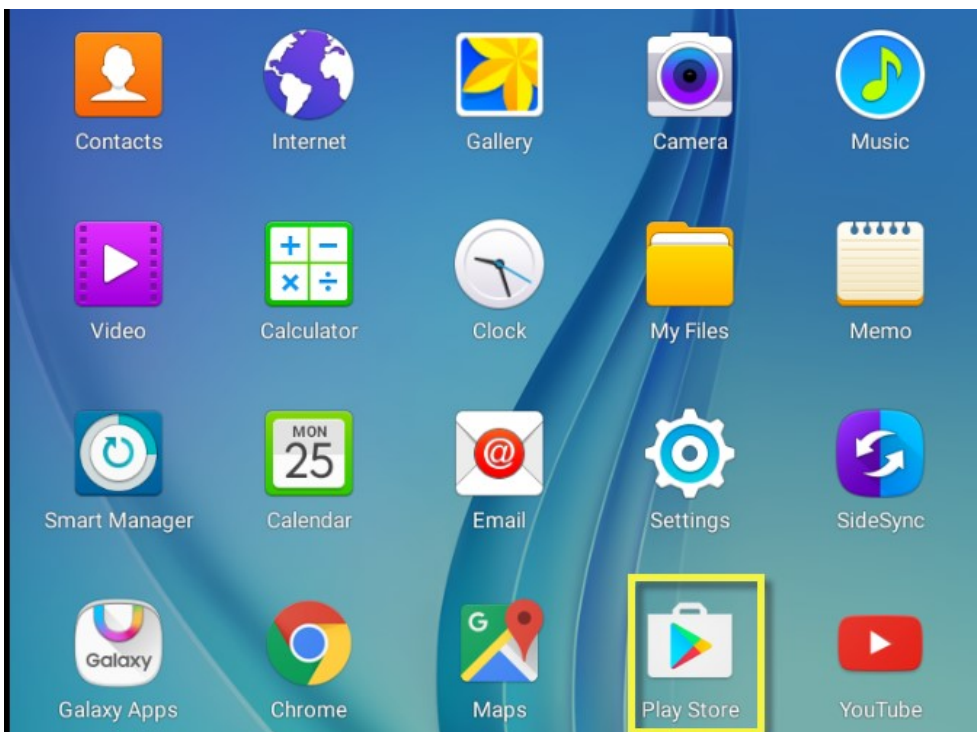

NOTE:

Before getting started with the mobile MetaFarms Assurance application, you need to contact MetaFarms support at support@metafarms.com to request mobile access to be added to your account.
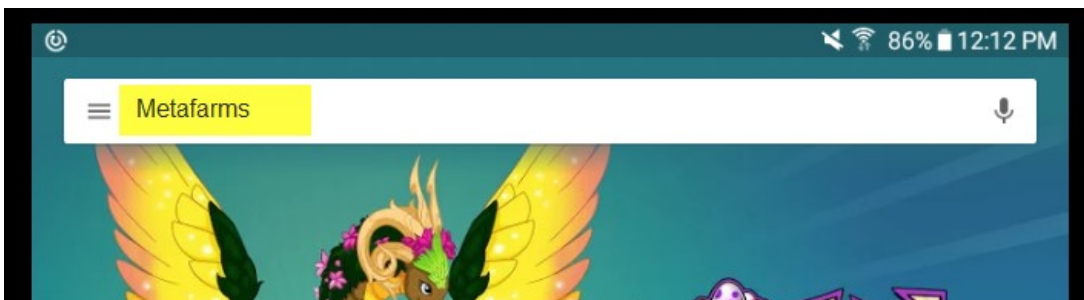

Before being able to download from the Google Play Store, you must have a Gmail or Google e-mail account established.
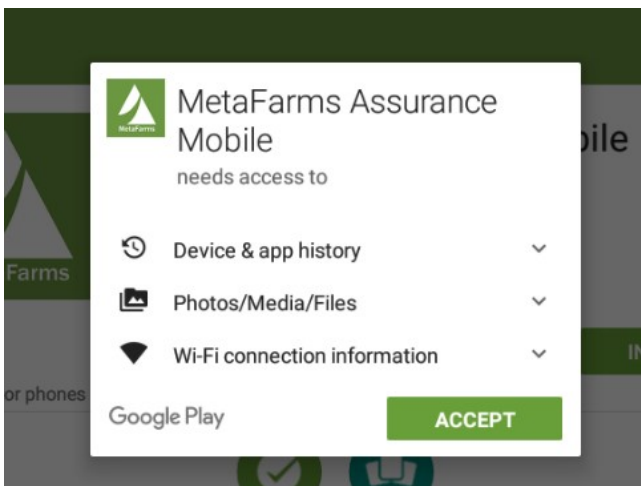

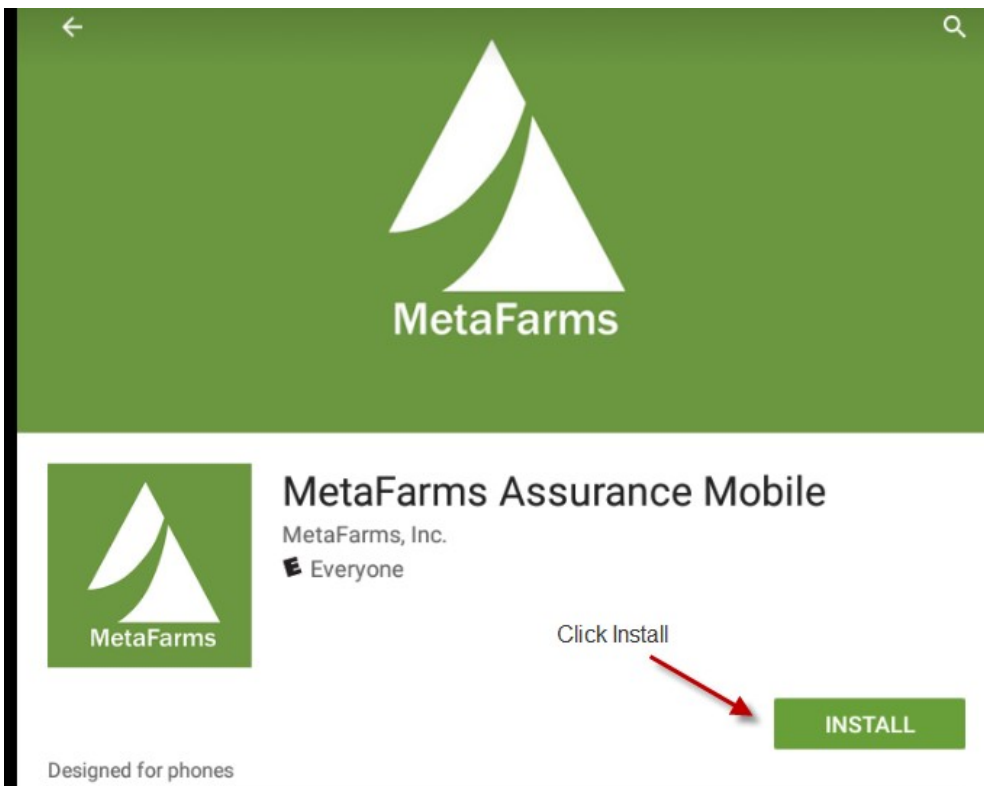

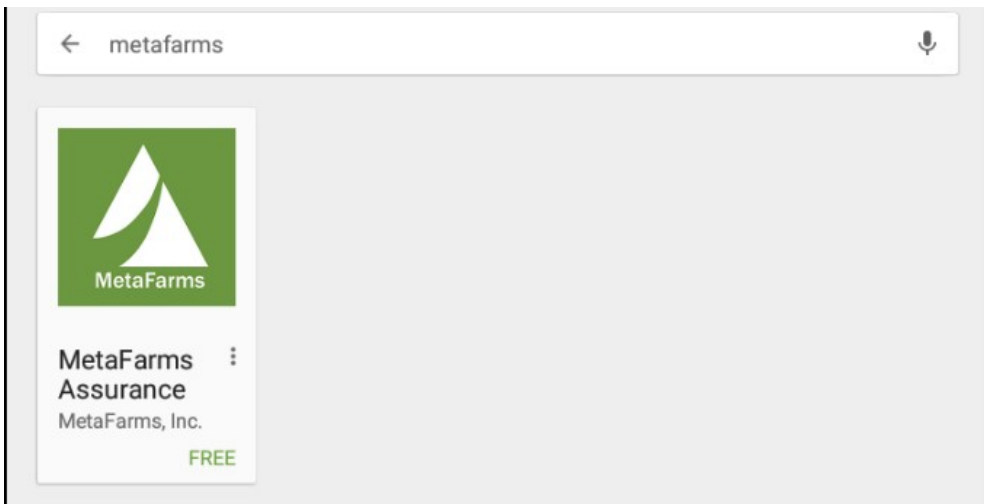

To access the download:

Open the Google Play Store

Type in search box at the top of the screen Metafarms

Once the search is complete, it will bring up the app to download. Click where it says free.

Click Install

INSTALL

Designed for phones

Once you click on Install, you will get a pop up.

Click on Accept

Note: You can skip payment information because this Application is free.

Click Open
