## Mortality Reasons – Finish

You will see the Mortality Reasons that were set up during implementation. You now have the option to edit an existing reason or add new ones. Note fields with a (*) are required. Other fields are optional. The code is what you will be using during data entry and must be unique.

Make any changes to existing reason, Click Save

Table: Mortality Reasons*

Sort Columns ▼

| Row # | *Mortality Reason | Short Name | *Code | Active |
