Turn On or Off to Receive Email Alerts

Set when you want to Receive Alerts

When your selections have been made, tap the 3 Bars to return and tap My Sites to enter Mortalities.

Your selections will be saved when you leave the form.

A screenshot of the 'Preferences' form in a mobile application. The form has a dark gray header bar with a white hamburger menu icon on the left and the title 'Preferences' in white. Below the header bar, the form is divided into three sections: 'Language', 'Entries', and 'Alerts'. The 'Language' section has two radio buttons, 'English' (selected) and 'Espanol'. The 'Entries' section has two radio buttons, 'Daily' (selected) and 'Weekly'. The 'Alerts' section has a toggle switch for 'Receive E-mail Alerts' (turned off) and a text input field for 'Receive Alerts at' with the value '10:55 AM'.
