Note that the correct number of rows uploaded.

**If the correct number of rows did not upload, check your file for missing or invalid information. If you need to correct the file and upload again, you will need to rename the file. You will also need to delete the previous incorrect file. You can do this by clicking Search Unposted and clicking Delete on the row of your import.

**Note you will not be able to delete it once it has been Posted.

If all rows uploaded, continue with the process.
