

## Scheduled Groups

Scheduled Groups can be found on the Feed Management tab under Ordering and opens in a new browser tab when launched. Scheduled Groups gives you the ability to copy current group information to the next group in the turn. The purpose is so the person ordering feed knows the group is coming and they can go ahead and order feed.

\*\* Note scheduling a group does add limited information for that group. Full setup of the group still needs to be done in Finish > Find a Group > Details.

The screenshot shows the MetaFarms navigation menu with the following structure:

- Feed Management (Active)
- Finish
- Sales
- Finance
- Analytics
- Help
- Change C

Under the Feed Management tab, there are three main sections:

- Feed**
  - ☆ Create Feed Delivery - Diets
  - ☆ Create Feed Delivery - Ingredients
  - ☆ Update Feed Delivery
  - ☆ Feed Transfers
- Ordering**
  - ☆ Feed Ordering
  - ☆ Feed Monitoring
  - ☆ Feed Reconciliation
  - ☆ Scheduled Groups (Highlighted)
- Work Flow**
  - ☆ Feed Bin Levels
  - ☆ Site Health Breaks
  - ☆ Site Treatment Orders
  - ☆ Feed Prices
  - ☆ Feed Budgets

Scheduled groups will bring up all active groups in your system. To simplify your search for the group to copy, use the Filters or the Sort By options.

The screenshot shows the filter and sort options for the Scheduled Groups interface:

- Total: 2
- Navigation: < 1 >
- Filters:
  - BUSINESS UNIT: (All)
  - FEED MILL: (All)
  - PRODUCER: Miller (Highlighted)
  - SITE: Miller North (Highlighted)
  - PRODUCTION TYPE: (All)
  - SITE STATUS: (All)
  - CUTOFF DATE: Cutoff Da [Calendar Icon]
  - CLEAR FILTERS
- Sort By: Most Recent (Highlighted)

Your filtered group(s) will come up below. You will have three options:

- Edit Current Group – this will allow you to edit the limited information on the current group.
- Copy/Create New Group – this will allow you to create a new group based on the current group information and edit limited information.
- Edit/Next Group – this will allow you to edit or change information on the new group that was just created using Copy/Create New Group.

You can also click on the View More dropdown to see additional information about the current group. That information includes Subgroups, Feed Bins, Feed Orders and Movements.

## Edit Current Group

Click the Edit Current Group button. On this edit screen, you can modify the Feed Budget, Growth Curve, Health Status and Scheduled Close Date. Once choices have been made, click Save.

### Edit Current Group

GROUP NAME	AD7F18
PRODUCER	Miller
SITE	Miller North
BARN	
ANIMAL SOURCE	
FEED BUDGET	Finish Budget 245
GROWTH CURVE	PIC 337L Mixed Low Energy
HEALTH STATUS	Health Status
SCHEDULED CLOSE DATE	03/09/2019

[SAVE](#)
[CANCEL](#)

## Copy/Create Group

To Copy/Create a new group, click the Copy/Create Group button. The original group name will default in. Rename the group to the new group name. The producer and site will default in. Select the remaining information from the dropdowns and Save. This step does not give the group an official start date in MetaFarms but will allow feed to be ordered to the group. The official start date of the group will come from the first movement of pigs into the group. Other setup items for the group (Feed Bins, Feed Mill, Pigs Flow, etc) still need to be added in Finish > Find a Group > Details. Groups created here will have a status of "S" for scheduled, not Active.

### Copy / Create Next Group

GROUP NAME	<input type="text" value="MN121818"/>
PRODUCER	Miller
SITE	Miller North
BARN	
START DATE	<input type="text" value="12/18/2018"/>
ESTIMATED ANIMALS	<input type="text" value="2500"/>
ESTIMATED AVG WEIGHT	<input type="text" value="51"/>
ANIMAL SOURCE	<input type="text" value="Animal Source"/>
FEED BUDGET	<input type="text" value="Finish Budget 245"/>
GROWTH CURVE	<input type="text" value="PIC 337L Mixed Low Energy"/>
TARGET WEIGHT	<input type="text" value="270"/>
HEALTH STATUS	<input type="text" value="(Select...)"/>
	<input type="button" value="SAVE"/> <input type="button" value="CANCEL"/>

### Edit/Next Group

To edit or change information on the group just created, click the Edit/Next Group button. Make any changes to the group and Save. On this screen you can also add the number of days BEFORE the Estimated Start Date that you want feed delivered to the site. This will show on the Group Detail Setup screen and is for reference only.

### Edit Next Group
