Tyson Import Sort Workaround

Due to changes in the Tyson import file, they currently do not import correctly when there are sorts loads included in the file. To get your files to import correctly, please follow these steps:

Upload the file as normal. You will get errors for any load that contains sorts. Click on Show Unmatched button.

Data is not ready for import. Please fix the errors listed.

Packer Import: Tyson (IBP)

Header Import File: Choose File | No file chosen

Upload | Search | Re-Validate

Header

Show Unmatched | Unmatched Detail: 6 | Remove Unmatched

Save (Ctrl-S) | Import | Import -> Packer Sales

Next Error (Ctrl-M) **6 ERRORS HAVE OCCURRED!**
